

GERMAN COUNTER ATTACKS REPULSED

BOLSHEVIKI MAKE FAILURE OF GOVERNMENT

Gold Reserve in Safe Hands and Protected Against Revolutionists

GEN. KALDINES HAS KEY TO SITUATION

Vast Union of Southeastern Provinces Being Formed to Protect Empire

London, Nov. 27.—The Russian revolutionists have made a "ghastly failure" of their attempt at administration, according to the Petrograd correspondent of the Morning Post, writing under date of Saturday. He adds: "The election to the constituent assembly will take place, but the constituent assembly will not meet with success. The Bolshevik movement, whatever that movement may mean, already has damned the constituent assembly."

"I would call attention to the following facts: The vast gold reserve of the Russian empire, which was removed from Petrograd, and later carried still further into the interior, is in safe hands."

"General Kaldines, in secure possession, with trustworthy and disciplined troops, of all those provinces of European Russia that produced a harvest this year, and is rapidly capturing those remaining territories on which Russia relies for its daily bread."

"A vast union under the name of the Southeastern Union has been formed. This union is extending and promises to cover the Siberian corn land."

"General Kaldines, holding the gold reserve and the bread supplies, is master of the situation, and those he serves will accept dictation neither from Kerensky, Lenin, nor anybody else, least of all from Germany."

8327 MEN WERE HELD FOR ARMY BY HOME BOARD

Rejections Among Registrants in First Examination Exceeded Acceptances by 1102

1118 HAVE FAILED TO REPORT IN THEIR TURN

In the first draft 8,327 men were held by local boards as registrants who filed no claims of any kind or whose applications for exemption on dependency grounds were denied. The local boards discharged 9,429 registrants, or as physically unfit for service. In the whole state 1,118 men failed to appear for examination when called. Some of these were men in the army and navy and some who could not return and who will be located by the adjutant general and credited to their proper board. Others are persons who wilfully stayed away and who will be arrested when found and placed in Camp Dodge without the privilege of filing claims. There were 783 men who were examined by local boards in other states and upon whom no report has yet been received.

These four classes, making a total of 19,657 men examined, are reported to the president in a detailed classification completed Saturday by the district board.

CONTENT OF BEER REDUCED IN KICK

Washington, Nov. 27.—Orders reducing the alcoholic content of beer to three per cent will be issued soon by the food administration, with the approval of President Wilson. At the same time the amount of grain used by brewers will be cut down approximately 30 per cent, although the volume of beer will not be decreased.

CONGRESSMEN HOME FROM WAR THEATER

An Atlantic Port, Nov. 27.—The party of American congressmen members of which had narrow escapes from death or injury when they came under German machine gun fire recently while visiting the trenches on the British front in France returned home on an American steamship which arrived here today.

South Dakota Pacifists Demand Recognition of Pro-German Russians

Parkston, S. D., Nov. 27.—Support of the Russian Bolsheviks and their proposed armistice are among demands embodied in a resolution adopted by the executive committee of the South Dakota branch of the Peoples Council, according to a statement by William E. Rempfer, a local attorney, said to be prominent in the affairs of the council. When and where the committee met to adopt the resolution, Mr. Rempfer declined to disclose, nor did he indicate who composed its membership. The resolution as given out for publication today urged that President Wilson have congress order peace "without annexations or indemnities," protested against "depriving the people of the right of free speech," demanded a conscription of wealth to pay war expenses, and insisted that the South Dakota coal situation be relieved immediately.

SPECIAL CITY ELECTION SET FOR DECEMBER

Commission Accepts Resignation of Battey and Plans to Name Successor

ADDITIONAL AMOUNT FOR CHEMIST APPROPRIATED

Bismarck will have a special city election December 27 to name a successor to R. C. Battey, whose resignation as finance commissioner was accepted by the city commission in regular session last evening. The auditor was directed to advertise a special election for the date named. No candidate to succeed Mr. Battey has yet made public announcement.

More for Chemist. On recommendation of Sewer and Water Commissioner Best, the city commission last evening pledged an annual appropriation of \$500, making \$900 in all, for the maintenance of the Bismarck public health laboratory. This additional sum, which it is believed will be paid by the Bismarck Water Supply Co., in cooperation with the city commission, will enable the state board of health to supply the Bismarck laboratory with a director who is an expert chemist as well as a bacteriologist. Dr. J. W. Cox, secretary of the state board of health, was here yesterday morning in conference with Supt. Caulfield of the water company and Commissioner Best. It was pointed out that under the treatment now being given the Bismarck water, which Secretary Cox announces will give Bismarck the clearest and purest water the city has ever had, it is imperative that the water supply company have the services of a chemist always available.

He suggested that with the water company, the state board of health and the city commission to support each man, each department could be saved a large proportion of the expense, and a better man than otherwise could be procured would be made available. Supt. Caulfield has given this proposal his tentative approval pending action on the suggestion by the commission which he represents. The Bismarck Water Supply Co. in addition to chlorinating the water to eradicate any possible danger of bacteriological contamination, now plans to use lime and iron in certain proportions as a coagulant to clarify the water. These chemicals must be introduced into the water each day under the direction of an expert chemist and should the plan which Secretary Cox has proposed be adopted, this work would be handled by the city chemist and bacteriologist, the state appropriating \$1,500; the city \$400 and the water company \$500 to pay his salary and maintain the local health laboratory.

Bills Held Up. On recommendation of Commissioner Best all bills submitted by the special assessment commission were held up until itemized statements covering the amounts claimed can be procured.

City Attorney O'Hare was directed to draw up an ordinance prohibiting the hauling of sand and gravel except in light boxes over the city pavements, it being pointed out that this grit ground into the asphalt surface has an injurious effect as well as being unsightly.

The street commissioner was instructed to direct that a sand and gravel contractor who is using the street at the corner of Avenue B and Ninth for storage proceed immediately to remove thence a mountain of sand which he has accumulated in preparation for next year.

There was a learned debate as to whether a Ford is more liable than other cars to exceed the eight-mile-per-hour speed limit enforced by North Dakota statutes for cities and villages. Commissioner Best rising to the defense of the lowly Henry. It was agreed that the city's present speed ordinance is not water-tight since it is in conflict with the state law, but no remedy seemed available. Was President Lucas's suggestion that it is mighty hard to choke a Ford down to eight miles an hour that brought a hot rejoinder from Best, who insisted that a Ford is one of the tamest gas gigs made.

THANKSGIVING DANCE

Taylor, N. D., Nov. 27.—Taylor expects to entertain the whole countryside with a Red Cross dance Wednesday evening. The Hebron orchestra will furnish music, and the ladies of the local Red Cross chapter will serve supper.

BRITISH-FRENCH ARE SOMEWHERE OVER THE ALPS

Succor Comes to Sturdy Italians After Long Period of Waiting for Relief

VENICE, CITY OF ART, NOW OUT OF PERIL

British Press Advantages Gained and Make Slow but Steady Progress

BY ASSOCIATED PRESS. British Headquarters in France, Nov. 27.—The British made another advance in the Cambrai area and, according to latest reports, worked their way forward through the northwestern part of Fontaine Notre Dame, which they captured at the beginning of the attack last week, but lost. They are now said to have advanced almost to the main street, which runs east and west through the center of the village.

Apparently the peril of the Italian troops guarding the Piave line and the hill country in northern Italy against the Teutonic allies is at an end. Large numbers of British and French reinforcements—infantry and artillery—at last have arrived upon the scene, after days of anxious waiting in which the Italians have borne the brunt of terrific fighting on both front solely on their own shoulders and kept back the enemy from a further invasion of the Venetian plain.

Although faced everywhere by superior numbers of men and guns, the Italians have valiantly defended every foot of ground in the hills and along the Piave, and in the former region recent days actually have taken the offensive against the invaders and pushed them back from strategic points of vantage they had gained under terrific sacrifices in lives.

Reinforcements at Hand. For eight days the allied reinforcements marched to the rescue, bringing along with them large numbers of guns and huge supply trains. All the troops are declared to be in fine fettle and eager to test their strength against the enemy.

Just where the British and French forces will be thrown into the fray has not been made known, but doubt.

DANZIG MORE THAN DOUBLES ITS QUOTA FOR ARMY Y. M. C. A.

Little Town Assigned \$200 Raises Over \$400 with Assistance of Farmers

Danzig, N. D., Nov. 27.—Danzig, with a population of about 60, has completed its war Y. M. C. A. drive with subscriptions totaling \$110.35, more than double the quota of \$200 which was assigned to Danzig. The hearty co-operation of farmers residing in this vicinity made possible a showing of which Danzig is proud, believing that it cannot be equaled by any town of 60 population in North Dakota.

"We are on the map to assist our government," said William M. Maercklein, cashier of the Farmers' State bank, at the close of the drive. "The success of this campaign speaks highly for the patriotism of Danzig and the farmers who do their trading here. The assistance of the farmers in this territory was a big factor in the drive."

BROTHERS BROTHERS IN LAW; SISTERS SISTERS IN LAW; SOME MIX UP

Grandin Double Wedding Gives Brides and Grooms Muddle Relationship

Grandin, N. D., Nov. 27.—Two brides and two grooms, each of whom is doubly related to the other, are now endeavoring to figure out their degrees of relationship as a result of a double wedding at St. Thomas' church, in which Ambrose McCoy married Miss Mary McNamee, and his brother, Alfred McCoy, married her sister, Miss Harriett McNamee. The grooms are sons of Mrs. Catherine McCoy, a pioneer of this section, and the brides are daughters of Mr. and Mrs. M. J. McNamee of Kelsey. Rev. Fr. Myles of Reynolds officiated.

BRITONS STILL BORING THROUGH HINDENBURG LINE

County Attacks by Teutons on Bourlon Wood Repulsed by General Haig

RUSSIAN TROOPS HAVE HAD NO BREAD FOR DAYS

Determined Effort Evident on Part of Germans to Eliminate Muscovites

British troops have repulsed another German counter attack at the northeast corner of Bourlon wood, west of Cambrai, according to an official report issued today by Field Marshal Haig.

"During the night the Germans undertook another counter attack against our positions in the northeast corner of Bourlon wood. The attack was repulsed."

"There is nothing of especial interest to report on the remainder of the front. The weather is stormy and wet."

CONTINUE TO BORE THROUGH. British Army Headquarters in France, Monday, Nov. 26.—The British troops, including some from London, continued last night to bore their way through the Hindenburg support line west of Mueuvres. There was vigorous fighting at close quarters in this region, and as a result the British today were in possession of a further section of support trenches 2,600 yards long, running east and west just south of Pronville and Inchy-en-Artois.

Fighting was renewed today between Bourlon wood and Cambrai about Fontaine Notre Dame, where the Germans were still installed and continued to work machine guns from roofs and windows. West of here, at Bourlon wood, and Bourlon village, the situation remained much as it was last night, after the Germans forced the British out of most of the village in a fierce counter attack, which involved still more furious hand-to-hand fighting through the streets. The battle continued today.

The fight for Bourlon wood and village will long be remembered as one of the most bitterly contested and sanguinary yet fought along the British front in France.

American forces visiting the Cambrai sector have been thrilled at this renewal of the old type of open warfare.

RUSSIANS WITHOUT BREAD. London, Nov. 27.—The Russian army on the northern front has had no bread for several days, according to reports received in Petrograd and transmitted by the correspondent of the Daily Express, and only two or three days' supply of army biscuit is on hand. The army delegates are reported to have recommended the withdrawal of the troops, in order to prevent a general revolt with its consequent excesses. Instead of a hundred cars of food arriving daily at the Dvinsk front, only 20 have been received.

Large numbers of troops being moved to different places have been stopped by the removal of sections of railroad track to prevent their reaching Petrograd. They were stopped at towns where food could not be obtained.

STEEN CLAIMS RECORD Believes His Township Most Patriotic in the State.

State Treasurer John Steen claims a state record for his home township in Pierce county in connection with Red Cross and other patriotic work. "Rush township," said Mr. Steen today, "raised \$1,000 for the Red Cross, and it has done equally well with the liberty bonds and the war Y. M. C. A."

PRINCESS ROMANOFF ESCAPES GUARD AND ARRIVES IN STATES

Second Daughter of Deposed Czar, Now Simple Miss, Reaches the Coast

A Pacific Port, Nov. 27.—No official welcome will greet Miss Tatiana Nicolaevna Romanoff, second daughter of the deposed emperor of Russia, when she steps from the boat which is now bearing her on the last stage of her journey from Siberia to this country. It was announced by the Russian consul general here yesterday.

"Miss Romanoff escaped from Siberia," said the consul general, "and her presence in this country will be ignored. She has no status in the present government, of course, and while we will do nothing to molest her or stand in her path in her determination to work for the Russian civilian relief, we will not recognize her."

Miss Romanoff is expected at this port the last of this week.

Rigid Rules Will Govern Foreign Mail

Strict Censorship Is Planned Under Supervision of the Treasury Officials

Washington, Nov. 27.—Regulations to govern the transmission to or from the United States of communications not in the regular course of the mails will be issued within a few days under the trading with the enemy act.

Ship and consignees' mail consisting of bills of lading, and similar business documents, probably will not be forbidden when destined to neutral countries and considerable latitude will be allowed commercial travelers and representatives of other business concerns who carry in their luggage correspondence relating strictly to their business.

Most other communications will be forced into mail channels to be subjected to censorship. Communication to enemies or ally of such countries is prohibited except by license of the war board.

The treasury officials will have charge of the enforcement of the regulations.

SIX SUSPECTS HELD AT MILWAUKEE FOR BOMB-MURDER PLOT

Pastor of Italian Evangelical Church, Intended Victim, Returns to the City.

PART CONFESSION MAY UNTANGLE CONSPIRACY

Milwaukee, Wis., Nov. 27.—With the arrest of a large number of suspects early today in connection with Saturday night's bomb horror, which resulted in killing of nine police officers, and one civilian, the police department is hopeful today before many hours elapse of having something definite on which to fasten responsibility for the terrible catastrophe.

"It is looking better every hour," said John T. Sullivan, chief of detectives.

While he would go no further, there are grounds for belief that the police are hopeful of having the man who made the bomb in custody within 24 hours.

The men arrested early today were taken either from their homes or places of employment. The arrests were made in the Bayview district, where a number of anarchists are said to hold forth.

Wilwaukee, Wis., Nov. 27.—Six suspects are today being held in connection with the explosion of the bomb which killed nine policemen and one civilian Saturday night at police headquarters when an examination was being made of the instrument left at the Italian Evangelical church, and, it was believed, with the purpose to kill Rev. August Giuliani and his band of followers.

"We have a part confession, which, if it develops, may lead to the arrest of the persons who were instrumental in the bomb plot," said Captain John F. Sullivan. Rev. Giuliani arrived from Markesan a reported removed from Petrograd a year before the war broke out. The Russian soldiers at the front are reported desperate from hunger, due to the exhaustion of food supplies and munitions are said to have broken out.

To Demand Passports. The American government has received the armistice note from the Petrograd government, and it is under consideration. The ministers of the allied powers in the Russian capital, it is reported unofficially, will demand their passports, if Russia enters into separate peace negotiations.

General C. Kaldines, the Cossack leader, a dispatch received in London says, is master of the situation in Russia. He is in control of most of the grain growing territory in the south and is said to hold the Russian gold reserve, reported removed from Petrograd a year before the war broke out. The Russian soldiers at the front are reported desperate from hunger, due to the exhaustion of food supplies and munitions are said to have broken out.

MILITARY GUARD WALKS NEW YORK WATER FRONT ON LOOKOUT FOR PLOTS

Washington, Nov. 27.—Orders for placing military guards at the Chelsea and Southern Pacific piers in New York harbor went to the commander of the eastern department today from Secretary Baker. This is in line with the plan for using troops to enforce the alien enemy proclamation along important water fronts.

The military patrol will be extended to other points on the New York water front as rapidly as the places to be guarded in this way are determined. Regulars probably will be used for the present until the proposed new federal police force of a semi-military character can be substituted.

HALSTAD FARMER STEPS INTO PATH OF AUTO AND DIES WITHIN FEW HOURS

Halstad, N. D., Nov. 27.—Ole Sheldrick, aged 60, died a few hours after being struck by an automobile driven by M. J. Goldstone, a Fargo salesman. Sheldrick stepped from behind a wagon directly in front of Goldstone's machine on the highway about a mile from Halstad.

HEIGHTS ABOUT CAMBRAI HELD BY GEN. BYNG

Enemy's Artiller Active in the Ypres and Verdun Sectors of Front

BRITISH AND FRENCH TO AID OF ITALIANS

Ministers of Allied Nations to Demand Passports if Regime insists on Peace

BY ASSOCIATED PRESS. New German attempts to drive the British from their positions in the Bourlon wood, and high ground dominating the Cambrai region, have failed. General Byng's men have repulsed another enemy counter attack at the northeast corner of the wood.

There was much severe fighting Monday around Mueuvres, west of the Bourlon wood, and in the outskirts of Fontaine Notre Dame immediately east of the wood and toward Cambrai.

Artillery Active. German artillery has been active in the Ypres and Verdun region. In Flanders, the British positions at Passchendaele, the northern part of the Passchendaele-Guinevel ridge, are being bombarded heavily by the enemy, but Crown Prince Rupprecht of Bavaria has not attempted infantry attacks.

On the right bank of the Meuse where the French gained the first and second German defenses on a two mile front Sunday, German efforts to attack have been checked by French artillery, while the enemy guns have been bombarding the new French positions. The activity of the big guns also has been violent in Belgium and north of the Chemin Des Zames.

Reaching Lightening Zone. French and British soldiers have reached the fighting zone north of the Venetian plains to aid the Italians. Between the Brenza and the Piave the Italians are withstanding successfully massed enemy attacks. The invaders attempted to rush the defending lines on the left in the center and on the right of the short front between the rivers, but were crushed everywhere by the Italians.

British cavalry is now three and one-half miles west of Jerusalem and is closing in on the Turkish defenses from the southwest. The Turks are offering some resistance and are holding the Jerusalem-Jericho road to the north in strength. North of Jaffa, British patrols have been driven back.

The situation in Russia shows little improvement and the country is described as being on the verge of civil war. Efforts of the Bolshevik government to arrange an armistice continue and Berlin and Petrograd are reported in communication by wireless, presumably in connection with the peace offer of the Maximists. The second army on the Russian northern front has removed its offices, agreed to the Bolshevik armistice proposal, and pledged its support to the Extremists.

To Demand Passports. The American government has received the armistice note from the Petrograd government, and it is under consideration. The ministers of the allied powers in the Russian capital, it is reported unofficially, will demand their passports, if Russia enters into separate peace negotiations.

General C. Kaldines, the Cossack leader, a dispatch received in London says, is master of the situation in Russia. He is in control of most of the grain growing territory in the south and is said to hold the Russian gold reserve, reported removed from Petrograd a year before the war broke out. Little Boy in Blue Rompers Draws Slips for Means' Jury

know the facts, not in sensational headlines, but as plain facts.

Quoting figures from the surgeon general's office of conditions in the army from 1915 to 1916, he said one recruit out of every six was diseased and that this average was rather better than that of the young male population from which the army was recruited.

The great body of our soldiers and sailors of our new army and navy are "straight and clean," said Bishop Lawrence. "On the other hand there are in our communities a certain number of professionally loose women, and an appallingly large number of girls from 14 to 20 years of age, who, attracted by the uniform and the romance, emotionally stirred by the unwanted excitement, either yield to or throw themselves at the young men."

Propagation of Disease.

"This is war, and it is one of the dangers and sometimes one of the horrors of war, that emotions, both bad and good, are pitched to a high level. We all feel it. The greatest danger is with this last great class, the girls of our villages, towns and cities.

It is only a question of time, he went on, before they are contaminated by loose men and loose women, and then follows the horror of the most terrible and wasteful diseases going through the innocent homes of the country. It is the duty of the medical profession to give the facts; until they do, others must speak. Secrecy always breeds suspicion and exaggeration."

NAVAL CHIEF OF POLICE

Seattle, Wash., Nov. 27.—The Seattle Post-Intelligencer Tuesday morning will announce that a "United States naval officer, backed by all the military forces of the federal government," is to be chief of police of Seattle and will assume absolute control of the police department in the campaign that will be launched not only against vice, but against pro-Germanism as well. Moreover, he will wear the uniform of his rank and his word will be the word of the federal government.

It is stated that this is the plan agreed upon by Mayor Hiram Gill and the Seattle Minute Men for the elimination of conditions responsible for Major-General H. A. Greene's order forbidding Camp Lewis soldiers to visit this city. General Greene declared the operations of a vice syndicate made Seattle an unsafe place for soldiers.

PROPERTY AND PRIVILEGE OF HIGHER CLASSES ARE CONSERVED BY STATE

Petrograd, Nov. 27.—The Maximalist commission have proclaimed the abolition of class titles, distinctions and privileges. All persons henceforth are citizens of the Russian republic, and the corporate property of nobles, merchants and bourgeois, according to the proclamation, must be handed over to the state.

PASSPORTS DEMANDED.

Copenhagen, Nov. 27.—If Russia enters into separate peace negotiations the ministers of the allied powers at Petrograd will demand their passports, according to a dispatch from Haparanda.

GRAND DUKE ARRESTED

TOWNLEY LIMNS THE PURPOSE OF FARMER LEAGUE

North Dakota Man Speaks at Food Conserver's New York Convention

DENIES N. P. LEAGUE HAS PRO-GERMAN LEANING

Charges Millers and Middlemen with More Than Five-Cent Bread

New York, Nov. 27.—A C Townley, president of the Farmers Nonpartisan league of North Dakota, an organization which aims to eliminate the middleman in the system of food distribution, spoke at a meeting here last night called to consider the organization of a similar league in New York state.

Mr. Townley and other speakers, John J. Mitchell, New York state food administrator, and Representative John Baer, of North Dakota, denied that the organization was pro-German or against the prosecution of the war, but that the aims were avowedly patriotic.

"The farmer of the northwest," Mr. Townley declared, "did not subscribe heavily to the first liberty loan because he had invested his all for a heavy crop as called for by the government, but in the second liberty loan North Dakota surpassed every other state in the union by oversubscribing to the loan by 75 per cent."

Mr. Townley declared the middleman reaps "heavy toll at the expense of the producer and the consumer." He dwelt largely on "war profiteering," especially among the millers, who, he said, are making a dollar a barrel on flour when twenty-five cents is considered a reasonable profit. The farmers did their part to establish a five cent loaf of bread by reducing the price of wheat to \$2.25 a bushel but the excess profit of the millers compels the consumer to pay more than five cents for bread, he added.

"An executive conference of forty farmers and representatives of labor unions was held in the afternoon at which Mr. Townley presided. Resolutions were adopted that a city in terms of food, extends beyond its political boundaries for miles and included the food producing farms as well," and added that the producers and consumers of this conference who in the past have been kept apart by cunning middlemen, politicians and their agents must bring their influence to bear on all citizens' food councils in which they participate toward representation of some kind from both the producer and consumers."

COALITION ON CONGRESS

Chicago, Nov. 27.—Plans for Nonpartisan campaigns, whether necessary to quiet any anti-war political uprisings were discussed Monday by democratic national committeemen and state chairmen from twelve midwestern states. Fred B. Lynch, national committeemen from Minnesota, was elected chairman of the conference. He declared a nonpartisan combination was an immediate necessity in congressional districts and states where there was any real danger of an anti-American socialist combination that might result in the defeat of the administration and its war policies in 1918.

Wisconsin, with its immediate situation, caused by the death of Senator Hustling and the activity of senator La Follette, was the center of the discussion, but those in the conference were concerned about other states.

Illinois has some counties that have failed to get behind the war, it was charged, and in Minnesota and the Dakotas the so-called "farmers' movement" has made an impression politically.

All kinds of tailoring solicited. Bryants. Phone 788.

EVANGELICAL MINISTER DIES IN LOCAL HOSPITAL

Rev. B. H. Fischer, aged 61, a well known minister of the Evangelical denomination, died last night at 8:30 in the Bismarck hospital where he had been for two weeks undergoing treatment. Rev. Mr. Fischer had been in failing health for some time. When taken ill he was pastor of the Evangelical church of Bowbells, a charge he had filled for several years.

A widow and five children all residing at Lowbells survive. Funeral services will be conducted Wednesday afternoon at 2 o'clock in the local Evangelical church. The body will be taken that evening to Ramona, S. D., where interment will be made. Mrs. Fischer and children will arrive in the city from Lowbells this evening.

Mr. and Mrs. Peter Wiltgen of Lewistown, Mont., who have been spending several days in the city visiting Mr. and Mrs. Walter Zimmerman of the Elfron Court and Mr. and Mrs. James Harrison of Thayer street, left Monday for Des Moines, to visit relatives. Mrs. Wiltgen is a sister of Mrs. Zimmerman and Mrs. Harrison.

Backache—Rheumatism—Gout—

It is now asserted with confidence that these painful effects due to uric acid in the system are entirely eradicated. A new remedy, called Anuric, has been discovered by Dr. Pierce, which is many times more potent than lithia, and is the cause of a drainage outward of the uric acid with which it comes in contact within the body. It will ward off backache, headache, and the darting pains and aches of rheumatism or muscular rheumatism—of those diseases which are caused by too much uric acid, such as gout, sciatica, renal calculus. Anuric prolongs life because old people usually suffer from hardening and thickening of the walls of the arteries, due to the excess of uric acid in the blood and tissue.

Anuric can be obtained in 50c and \$1.00 packages at the principal drug stores in town.

PROMINENT WOMEN ENDORSE OUR STATEMENTS.

Missoula, Mont.—"At the time I was passing through the city of the doctors said I could not possibly live. They could do nothing for me. Finally I began taking Dr. Pierce's Favorite Prescription and took 12 bottles of it. Then I was satisfied that I was a well woman. I am now as strong and healthy as any woman my age."—Mrs. A. G. Beale, 1013 Stoddard St.

MAZOLA

enables the housewife to save butter, lard, suet—and give her family the best of foods

"THE proof of the pudding is in the eating"—and the proof of Mazola is in the cooking.

Mazola is not only the perfect medium for deep frying, sautéing, shortening and salad dressings—it is the perfect vegetable oil—produced from golden American corn.

Food Administrator Hoover asks us to use vegetable oils.

Mazola has not been established in a day. It has taken months of trial on the part of housewives who at first were reluctant to give up butter, lard or compounds.

If you are not already numbered among the thousands of Mazola users, get a can of Mazola and try this recipe:

BREAKFAST MUFFINS

2 cups flour	1 teaspoon salt	1 cup milk
4 level teaspoons baking powder	1 tablespoon sugar	1 1/2 tablespoons Mazola
1 egg		

Sift dry ingredients together, being sure they are thoroughly mixed. Beat the egg, add it to the milk and turn it into the bowl containing the dry ingredients. Add the Mazola and cut all together very quickly. Do not beat. Turn into muffin pans greased with Mazola, and bake in a moderately hot oven about 25 minutes.

Mazola can be obtained from your grocer. Pint, quart, half-gallon and gallon tins—for greatest economy buy the large sizes. Also ask him for the free Mazola Book of Recipes—or write to direct.

Your money refunded if Mazola does not give entire satisfaction.

WAR'S SECOND YEAR ESTIMATE OF COST NEAR 13 BILLIONS

Secretary McAdoo Foresees Budget Practically of Same Proportions as 1917.

GREATER PART OF SUM TO BE RAISED BY BONDS

Washington, Nov. 27.—The second year of the war will cost the United States about the same as the first, according to estimated expenditures prepared today at the treasury department.

For the fiscal year beginning next July 1, ordinary disbursements, not including loans to allies or interest on bonds set to be authorized, are estimated at \$12,701,000,000, as compared with the \$12,311,000,000 for the current year ending June 30, 1918. This estimate includes interest on the \$5,569,000,000 government securities already authorized.

A large part of the sum must be raised by bonds. Secretary McAdoo already has announced that about \$14,000,000,000 will have to be provided by issuance of bonds or treasury certificates between now and June 30 to meet huge government expenditures and allied loans.

Horsemen Draw Near Holy City

London, Nov. 27.—British cavalry have captured Dittir Station, about six miles southwest, and Ain Karim, three and a half miles west of Jerusalem, according to a British official communication issued this evening.

ASTHMA SUFFERERS

I will send you a \$1.00 bottle of my Guaranteed Remedy for Asthma, or trial. Remedy gives quick relief. Has cured many after everything else failed. Mention nearest express office. Address: GEO. D. HOOVER, Mfg. Pharmacologist, Dept. 441, Des Moines, Iowa.

PROUDEST TITLE OF ALL CONFERRED ON I. P. BAKER

It is Grandpa Capt. Isaac P. Baker, if you please, according to the terms of a will received this morning from the south, announcing the arrival of a daughter in the household of Capt. and Mrs. Prayne Baker. The young lady might be called the daughter of

the Regiment, as she was ushered in amidst military environments. If in need of coal, now is a good time to see the federal fuel administrator, as he is feeling quite well, thank you, over the news.

Will call and deliver your cleaning and pressing. Bryant. Phone 735 11 14 11

HEAD OF STATE DEFENSE COUNCIL VISITS FRAZIER

Chairman Dorr H. Carroll would
Coordinate War Work Under
One General Body

BELIEVES MUCH WASTE
COULD BE ELIMINATED

Attorney Dorr H. Carroll of Minot, who has succeeded Dr. V. H. Stickney of Dickinson as chairman of the North Dakota defense council, was here today in conference with Governor Frazier relative to a plan for the co-ordination through the defense council of all of the numerous worthy projects for the financing of war relief work and the elimination of the many schemes which Chairman Carroll does not believe worthy of popular support at this time.

"Too much of the burden in past movements of this kind has fallen on a few willing workers, while others just as capable and who should have been glad to do their just part, have had nothing to do," said Mr. Carroll. "We hope to devise some means by which this responsibility may be more evenly divided and which will conserve our energies for those things which really count."

Mr. Carroll, who also is district fuel administrator for the Minot territory, leaves this evening in company with Capt. I. P. Baker, fuel administrator for the state, for Fargo, to attend a state meeting of coal dictators tomorrow.

WOOD FINDS SUGAR BEET GROWERS HAVE PROBLEMS AS WELL AS WHEAT MEN

National Nonpartisan League
Chieftain Returns from Visit
to Colorado Fields

F. B. Wood of Deering, one of the big five who control the National Nonpartisan league, was at the capitol today en route from a visit to his big farm at Deering to St. Paul, where his family is now residing. Mr. Wood having his offices there and his daughter being a student in the St. Paul high school.

The big Nonpartisan chieftain has just returned from a survey of organization work in Colorado and Kansas. He was especially with the sugarbeet industry in Colorado. The harvest was in full swing at the time of his visit, and at every way station tons upon tons of beets were piled up awaiting transportation to the mill. "We think we have our problems, but I find other states have difficulties just as severe," said Mr. Woods. "While I was in Colorado I saw them digging sugar beets under a ten-inch blanket of snow, workmen soaked to their knees."

CREAT OVATION FOR ROOSEVELT OVER THE LINE

Thousands Hear and Cheer the
Colonel at Toronto Victory
Loan Festival

TELLS CANADIANS ITS
FIGHT TO A FINISH

"Until the Earth is Safe for Orderly Freedom," Must Go On,
He Declares

Toronto, Ont., Nov. 27.—Col. Theodore Roosevelt received a tremendous ovation here Monday when he spoke in support of Canada's victory loan. Thousands of Canadians waving Union Jacks and the American flag filled the hall and when Col. Roosevelt appeared on the platform the crowd arose and sang "The Star Spangled Banner" and "God Save The King."

"Colonel Roosevelt" declared Sir Thomas White, the chairman, "has been of incalculable service in mobilizing the moral forces of the world against Germany and its iniquities. We welcome him as a statesman, a gallant soldier, as a humanitarian and above all as a man, for he is every inch a man."

Universal Training was advocated by Mr. Roosevelt, in the course of his speech as the best means of maintaining a permanent peace.

"As regards certain nations" he said, "I am sure that it will prove entirely possible both to provide for common and disinterested action within definite limits, to secure a betterment of general international conditions, to diminish the likelihood of future wars, and to restrict their limits if they break out. As regards Canada and the United States, I think the time has come when we should declare that no trouble can arise which cannot be determined substantially as questions between the various states or provinces are determined, at Washington or Ottawa."

Faithless Treaties. "As regards some nations, I question whether as yet we can trust the future solely to even the most carefully devised treaties—lest in any real emergency we suddenly discover that they are regarded merely as scraps of paper. Therefore, on the general matter of securing lasting international peace, I feel that probably our action ought to be two fold. We ought, with entire sincerity, to take every step which makes it likely that thereby the chances of future wars will be minimized. But we

WEBB BROTHERS

SOCIETY

R. C. Sends Instructions For Packing and Mailing Christmas Gifts

A canvas is now being made for Christmas packages for the soldiers to be sent through the local Red Cross chapter and in some instances the donors are at a loss as to just what should be sent and how to make up the packages. From the Red Cross headquarters comes some very valuable information containing rules and regulations compiled by the national society. To help facilitate the work of the canvassers and donors these suggestions are being published. They follow:

A splendid list of Christmas gifts to send to the boys in khaki are a khaki colored handkerchief 27 inches square, for container, wrapping paper, pad, about 7x10 inches, envelopes, pencil, postals, book (in paper cover), scrap book home made, containing a good short story, some jokes, etc.; knife such as boy scouts use; mirror (steel); handkerchiefs (khaki colored); neckties, mouth organ, electric torch, compass, playing cards, mechanical puzzles (an assorted lot of 12 small mechanical puzzles can be bought at the rate of 12 for 50 cents). Red Cross checkerboard, other games, tobacco, pipe and pipe cleaners, cigar paper, watertight match box, chewing gum, fruited chocolates and other sweetened crackers, in original package, fruit cake, preserved ginger, salted nuts, prunes, figs, dates, raisins, hard candy, chocolate in the foil and in ice.

A splendid way to make up the package is to use the khaki colored handkerchief and form the base of the packet by placing on the center of the handkerchief the pad of writing paper. The dainties should be wrapped in oil-tight tin boxes holding each a quarter pound. Wrap and tie with one inch red ribbon and place a Christmas card under the bow of ribbon. The entire package should be the width of the pad and approximately five or six inches high. Lastly wrap the parcel in heavy, light brown Manila paper, tie securely with cord and use Christmas labels or American flags as desired.

WIFE OF N. D. COLONEL WRITES FOR APRONS AND DISH TOWELS

In a communication received Monday by Mrs. Peter Reid of the Women's Auxiliary to Company A, from Mrs. White, wife of Col. Frank White of Valley City, thanking the auxiliary for the socks donated to the boys of Company A, she told of the need of dish towels and aprons for the camps. Mrs. White also urged the women of Bismarck to "adopt" six boys of Company A.

The letter follows:

"Have lost track of my calendar so do not know the date.

"Saw Major Henry a few days ago but the package had not come. May be it will be here today.

"Your son has written you that I ran across him by accident when he was hunting for the 164th. He is a fine looking boy and I hope to see him again.

"Each day finds plenty for me to do right here and I wish I had many more hands.

"Do you know our cooks lack aprons and dish towels all over the camps and they cannot well buy them. If each woman sent one flour sack hemmed it would be a blessing.

"The need of mothers in these camps is all war—notwithstanding the rules of the war department to the contrary. Not all mothers would fit in but some would and should be allowed to serve in that way.

"We went to St. M. C. A. meeting held by our Lieut. Markley and music by the Second N. D. band.

"Uncle Sam has had a huge task and done wonders. I take off my hat to him.

"The papers do not get here so please suggest the cutting out of local and sending them first class. Mails are so crowded we get very few papers and lose much mail.

"Thank you for the boys' socks.

"Can you find mothers for the enclosed list of boys?

"With love,

Mrs. Frank White.

178 Chamber Street, New York City.

If any of the Bismarck women wish to carry out this request of Mrs. White to "adopt" the six boys, they should communicate with Mrs. Reid for the names and addresses. They are all North Dakota boys, members of Co. A. All the other boys of the

two companies seem to have been taken care of and Mrs. White is anxious that they too be given this consideration.

To Send Aprons.

The auxiliary is complying with the request for aprons and today began work on two dozen to supply both the Bismarck companies. The auxiliary is asking the other women of Bismarck to help them with the towels and to give everyone a chance to aid in this work. Boxes were today placed in Hoskins, Finney's and Cowan's drug stores and Harris and company. Anyone desiring to donate towels can do so by placing them in these receptacles. Mrs. White has asked for hemmed flour sacks, and the auxiliary is anxious that anyone who can, would donate one of these useful articles along with the towels. These donations will be sent to Mrs. White not later than Saturday.

Boys to Get Pipes.

The auxiliary last week sent 100 corn-cob pipes along with the 250 packages of smoking tobacco.

SPECIAL THANKSGIVING SERVICE AT ST. GEORGE'S

Special Thanksgiving services will be conducted in St. George's Episcopal church Thursday morning at 10 and will be in charge of Rev. George Huzella, rector.

Holy communion will be celebrated at that time.

PASTOR TO ASSUME NEW CHARGE SUNDAY

Rev. J. Kock, newly elected pastor of the Bismarck German Lutheran church, was ordained Monday evening by Rev. Riedel of Napoleon. Rev. Kock comes to the Bismarck church from a charge near Little, Mont. He succeeded Rev. P. C. Chel, chaplain of the First North Dakota regiment. Rev. Kock will preach his first sermon Sunday morning. The morning service will be given in German, while the evening service will be conducted in English.

BISMARCK BOYS RECEIVE FIRST IN COAST ARTILLERY

Word received Monday from Addison Falconer, only son of Mr. and Mrs. W. A. Falconer of Avenue P, east of St. Alexis hospital to Mr. and Mrs. L. E. Opyke of Mandan avenue. Mother and daughter are getting along nicely.

Birth of Daughter.

Announcement has been made of the birth of a daughter Monday in the St. Alexis hospital to Mr. and Mrs. L. E. Opyke of Mandan avenue. Mother and daughter are getting along nicely.

For Mrs. Bodenstab.

Mrs. W. H. Bodenstab of Mandan Avenue, was honor guest at a social function given Monday afternoon by Mrs. M. Kranz of Mandan. Mrs. Bodenstab is spending a short time in Mandan as Mrs. Kranz's guest.

Knights Get Invitations.

The Bismarck Knights of Columbus are in receipt of invitations from the Fargo council for the semi-annual initiation which will be held Thanksgiving day. A number of the local knights are expecting to attend.

Nurse Leaves For Camp.

Miss Mabel B. Farr of Fargo, has been added to the list of North Dakota nurses who have responded to the call of their government. Miss Farr left Monday night for Des Moines, Ia., to take up her work at Camp Dodge.

Get Commissions.

Word has reached the capital city that Gerald Lyon, brother of Mrs. J. A. Haney, a former resident of this city, was commissioned second lieutenant of artillery at Fort Snelling. Lieutenant Lyon will spend Thanksgiving at the home of his parents in Cresco, Ia. Mrs. Haney is also with her parents in Cresco. John Dillon O'Brien, cousin of Thomas B. Cayou, was also commissioned first lieutenant of artillery. This is the third cousin of Mr. Cayou's to receive commissions at the various training camps.

Roth-Deizer.

Miss Dorothy Roth, daughter of Mr. and Mrs. Paul Briner of Mandan, and John Deizer of this city, were married Sunday evening in the residence of Justice Charles F. Blackfeld in Ninth street, by Justice Blackfeld. The bride wore a gown of white net over pink silk and carried yellow and white chrysanthemums. Her bridesmaid, Miss Mary Kuntz, wore grey taffeta and carried chrysanthemums. The little Misses Marie Champagne and Marguerite Carley were flower girls, and Francis McPeck was best man. A wedding supper followed the service and covers were laid for 50.

Mary Pickford, the most popular actress in pictures who appears exclusively at the Bismarck theatre in "The Little American" this week.

Thanks W. C. T. U. Women.

Mrs. F. H. Wilder of Fargo, superintendent of the State W. C. T. U. department of the Soldiers and Sailors is in receipt of a letter from J. M. Dana in charge of the Y. M. C. A. at Fort Ross, Great Lakes training station, asking her to thank the North Dakota W. C. T. U. women for the comfort bags sent the boys. One hundred and seventy-six bags were sent by the state W. C. T. U. The local branch of the W. C. T. U. is busy working on napkins and ray cloths to be used in the hospitals.

Entertains For Bride.

Mrs. W. F. Cushing of Fargo but formerly of this city entertained at a box party Monday evening at the Orpheum to honor Miss Florence Macbeth, in honor of Miss Lorraine Young and her fiancé, Mark Henry Robinson of New Orleans. The other guests included Judge and Mrs. N. C. Young, Mr. and Mrs. C. W. Spaulding of Streeter, Miss Myrtle Sanderson of Chicago and Robert Robinson of New Orleans. The Young-Robinson nuptials will be solemnized Wednesday evening. The bride elect is a niece of Mrs. Minnie Clark Budlong of this city.

PERSONAL NOTES

Mr. and Mrs. John I. Wilson moved today from Mandan avenue to the house on Fifth street formerly occupied by F. O. Hellstrom.

Dr. and Mrs. L. A. Schipfer of Avenue B have returned from a short sojourn in the Twin Cities.

Mrs. Edward White of Sixth street returned Monday from Center, where she was the guest for several days of Mrs. Robert Dunn.

Roger Reynolds left last evening for Minneapolis, where he will spend Thanksgiving.

Fred Humphreys and sister, Miss Jennie, of the Grand Pacific left Monday for Denver, Colo., to spend the winter.

Miss Frances Hughes has resigned her position at Webb's Brothers and will leave Saturday for her home in Douglas, where on Dec. 12 she will wed Emil Nelson of Sharon.

The Misses Bessie and Grace McKee of the high school went to their home in Huff Monday to spend the Thanksgiving vacation.

Art Corwin of Hazelton is the guest this week of his brother and wife, Mr. and Mrs. R. D. Corwin.

C. A. Baker, who has been in Montana for several weeks, spent Sunday at his home in the Person court.

Mr. and Mrs. Sam H. Clark of Avenue A returned Sunday from a short sojourn in the Twin Cities.

Mrs. L. M. Wallin of Colorado Springs, who has been the guest for the last month of Judge and Mrs. W. L. Nusselt of Second street, left Sunday for Kansas City, where she will spend Thanksgiving with her son, Lieut. Wallin, of Camp Funston.

NEW LIBRARIAN HERE

Miss Helen F. Carleton, graduate librarian of Simmons college, Boston, Mass., formerly city librarian at Dickinson, and recently in charge of a branch library at Portland, Ore., has arrived to assume her new duties in the offices of the North Dakota public library commission, where she has charge of the circulating libraries. Miss Carleton succeeds Miss Florence McPhee, who resigned recently after many years' successful service to take a new position at Fargo.

Red Blotches Turned to Pimples Itched Burned

And Smarted Till Nearly Went Wild. Cuticura Soap and Ointment Healed.

"Big red blotches appeared on my face and later turned into pimples. My face was fierce. The pimples itched, burned, and smarted until I nearly went wild and I scratched them until I could not rest night or day. They were hard and large and most of all came to a head and scattered over my face disfiguring it something awful.

"Remedy upon remedy was used but to no avail and for three years I was treated. I ran across a Cuticura Soap and Ointment advertisement so I bought them and fifteen or twenty days' continued use of the Cuticura Soap and Ointment brought back my good complexion. I was healed." (Signed) Miss Beatrice Barton, R. R. 1, Box 55, Grand Rapids, Wis., Sept. 14, 1916.

It is distressing to reflect that much, if not all, of this suffering might have been prevented by using Cuticura Soap and no other for every-day toilet purposes with a little Cuticura Ointment now and then as needed to soothe and heal the first signs of skin or scalp troubles. Nothing purer or sweeter than these delicate emollients.

For Free Sample Each by Return Mail address post-card, "Cuticura, Dept. R, Boston." Sold everywhere.

N. D. WAR LIBRARY FUND REACHES \$4,654

North Dakota has subscribed \$4,654 to the war library fund. Julia A. Countryman of the Minneapolis public library has furnished Mrs. M. C. Budlong, secretary of the North Dakota library commission, with a report covering the entire state.

VETERAN OF CIVIL AND INDIAN WARS DIES IN MINNESOTA

Michael Lenihan, One of Bismarck's Best Known Citizens, Dead at Son's Home.

Michael Lenihan, veteran of the Army of the Potomac, pioneer Indian fighter and one of Bismarck's oldest citizens, passed away unexpectedly at the home of his son, John Lenihan,

Sore Throat, Colds. Quickly Relieved By Hamlin's Wizard Oil

Hamlin's Wizard Oil is a simple and effective treatment for sore throat and chest colds. Used as a gargle for sore throat it brings quick relief. Rubbed on the chest it will often loosen up a hard, deep seated cold in one night. How often sprains, bruises, cuts and burns occur in every family, as well as little troubles like earache, toothache, cold sores, canker sores, still neck, and tired aching feet. Soothing, Hamlin's Wizard Oil will always bring quick relief. Get it from druggists for 30 cents. If not satisfied return the bottle and get your money back. Ever congested or have sick headache? Just try Wizard Oil. Whips, pleasant little pink pills, 30 cents. Guaranteed.

in Heron Lake, Minn., at 5:43 Sunday afternoon. Advice to this effect was received today from John Lenihan by his aunt, Mrs. John Homan. The deceased left Bismarck just two weeks ago today to spend the winter with his son at Heron Lake. He had been enjoying his usual good health, and his death is a shock to his scores of Bismarck friends. Funeral services will be held Wednesday morning at 10 o'clock at the home of the deceased.

Michael Lenihan, at the outbreak of the Civil war, volunteered in the Army of the Potomac, with which he served until the end of the Rebellion, when he re-enlisted in the regular army,

BETTER THAN CALOMEL

Thousands Have Discovered Dr. Edwards' Olive Tablets are a Harmless Substitute.

Dr. Edwards' Olive Tablets—the substitute for calomel—are a mild but sure laxative, and their effect on the liver is almost instantaneous. They are the result of Dr. Edwards' determination not to treat liver and bowel complaints with calomel. His efforts to banish it brought out these little olive-colored tablets. These pleasant little tablets do the good that calomel does, but have no bad after-effects. They don't injure the teeth like strong liquids or calomel. They take hold of the trouble and quickly correct it. Why cure the liver at the expense of the teeth? Calomel sometimes plays havoc with the gums. So do strong liquids. It is best not to take calomel, but to let Dr. Edwards' Olive Tablets take its place. Most headaches, "dullness" and that lacy feeling come from constipation and a disordered liver. Take Dr. Edwards' Olive Tablets when you feel "fogy" and "heavy." Note how they "clear" clouded brain and how they "perk up" the spirits. 10c and 25c a box. All druggists.

being first assigned to Charleston, S. C., with the Sixth U. S. Infantry. Later he served with this command at Ft. Gibson, Kan., and in the Indian territory. He accompanied his command to North Dakota in 1872 and served with the old Sixth at Ft. Buford 4½ years, being first sergeant of Co. F at the time of his discharge. During all of these years of army life the deceased was a comrade of Louis Larson, another Bismarck pioneer, who today paid Michael Lenihan the highest tribute a friend can pay a friend: "In all the time I knew him he was always honest, square and straight, a good citizen and a good church man." After coming to Bismarck the deceased for many years was in the employ of the Northern Pacific. His first wife was Margaret Mullen, a sister of the late Mrs. John Dolan, Sr., whom he met and wed here. John Lenihan, born here 30 years ago, was the only child. Michael Lenihan for 34 years had been a member of St. Mary's parish and an active supporter of the church.

POOR HIGHWAYS COST HUMAN LIFE IN STATE

State Engineer's Office Record Shows Accident a Day for First Ten Days October

DEPARTMENT WILL SEEK TO IMPROVE CONDITION

A probable connection between poor highways and loss of life and valuable time and property in the automobile accidents which are a daily occurrence on North Dakota's roads and trails is traced by J. E. Kautzsch, publicity engineer with the state highway commission, in an interesting interview which he made public today.

Upon the instigation of a member of the highway department who noticed an unusual frequency of auto accidents on our highways, a newspaper clipping record on this topic was begun October 1," says Mr. Kautzsch. "A review of the clippings for the first ten days of October shows the following accidents:

- Oct. 1, Cogswell, overturning, death of occupant.
- Oct. 2, Hettinger, overturning, injuries to operator.
- Oct. 3, Dickinson, overturning, injuries to six.
- Oct. 3, Ray, poor control, paralysis of operator.
- Oct. 4, Glen Ullin, rail crossing, death of operator.
- Oct. 5, Lowman, poor control, death and injuries.
- Oct. 6, Granville, poor control, injuries to occupant.
- Oct. 6, Granville, overturning, injuries to occupant.
- Oct. 10, Fort Clark, not described, fractured limb.
- Oct. 10, Krem, not described, injuries to occupant.

"The astounding feature of the foregoing auto accidents at the rate of one per day for ten days and in which there were three instantaneous deaths is that they were published in one local newspaper, the Bismarck Tribune. Who can tell the toll throughout the entire state!

"Are our operators careless, or are the highways of North Dakota so poor as to be unsafe? With the coming of the next auto season, the department contemplates a thorough study of this question with a view to educating motorists to the wisdom of a safety first policy, or to attempt to improve the design and condition of the roads so that accidents are less frequent—whichever may be the solution of this important question."

A comparative estimate places the number of automobile accidents from one cause or another when the season is at its height at 50 per day in North Dakota."

MAY GET PARK
Milton, N. D., Nov. 27.—As a result of a visit paid by Secy. O. H. Libby of the North Dakota historical society to Milton, at the request of C. W. Plain, a tract of land which is offered near Olga may be accepted for a state historical park.

PRESENT MONTH BREAKS RECORD FOR 24 YEARS

November 15 Degrees Warmer Than the Average—No Rain and Very Little Wind

BEAUTIFUL WEATHER HAS HELPED FALL FARM WORK

A month of exceptionally fine weather is closing for the Missouri slope. To date this November is the warmest in 42 years' history of the local bureau. During this month freezing temperatures have not been experienced a half-dozen times, and during a majority of nights the lowest point reached by the thermometer has been 32 or above. The average mean temperature has been 41.15 degrees above the 42-year average of 26.

Last week ended with a minimum night temperature of 33 above zero in Bismarck, nine degrees warmer than St. Louis and Kansas City; eleven degrees warmer than St. Paul, Sioux City and Chicago; 25 degrees warmer than at Ste. Marie, Mich.; 30 degrees warmer than Boise, Ida. and 34 at Moorhead, on a direct line with Bismarck and out 200 miles distant, the week's end found temperatures nine degrees lower than in Bismarck. Oklahoma City, which may be considered almost sub-tropic, was three degrees cooler than Bismarck; Raleigh, N. C. in winter resort country, was one degree colder Saturday morning than Bismarck.

The first day of the month, when the mercury dropped to 18 above, is the coldest day of November to date. Other minimum temperatures were 14 on the third, 22 on the 15th and 21 on the 18th. Until Saturday morning, when .04 of an inch of precipitation was registered, only a trace of precipitation had been recorded.

Outdoor work has progressed as satisfactorily as in mid-summer. Bismarck's paving operations and construction work has proceeded unhampered. Livestock on the open ranges has thrived; farmers have been able to complete fall plowing begun in September but stopped by October's unseasonable weather; coal bins have proved unusually capacious for this time of year; fuel expense has been at a minimum.

Except for last Wednesday, the month has been marked by an absence of wind. It has been a period of ideal Indian summer, a typical North Dakota fall, with just a trifle more sunlight and warmth than usual.

What Do You Know About Your Blood Supply?

Your ignorance may startle you.

Few people know of the many functions of the blood supply, and just how important it is that it be kept absolutely free from all impurities. The health of the entire body depends upon the condition of the blood. You are invited to write and obtain a booklet that gives you some valuable information on this important subject. It tells how to keep the blood strong and free from the many impurities to which it is constantly subject. It gives the history of S. S. S., the world's most successful blood remedy, which has been sold for more than fifty years by druggists everywhere. This book will be sent free to all who write to Swift Specific Co., Dept. A Atlanta, Ga.

TWO AMERICAN DEAD AND FIVE WOUNDED IN ARTILLERY DUEL

Washington, D. C., Nov. 27.—Two American soldiers were killed and five severely wounded in an artillery combat with Germans November 20, General Pershing reported today. Both of those killed were from the east. There are no other details.

Try Making Your Own Cough Remedy

You can save about \$2. and have a better remedy than the ready-made kind. Easily done.

If you combined the curative properties of every known "ready-made" cough remedy, you would hardly have in them all the curative power that lies in this simple "home-made" cough syrup which takes only a few minutes to prepare. Get from any druggist 2½ ounces of Pinex (80 cents worth), pour it into a pint bottle and fill the bottle with plain granulated sugar syrup. The total cost is about 65 cents and gives you a pint of really better cough syrup than you could buy ready-made for \$2.50. Tastes pleasant and never spoils. This Pinex and sugar syrup preparation gets right at the cause of a cough and gives almost immediate relief. It loosens the phlegm, stops the nasty throat tickle and heals the sore, irritated membranes that line the throat, chest and bronchial tubes, so gently and easily that it is really astonishing. A day's use will usually overcome the ordinary cough and for bronchitis, croup, whooping cough and bronchial asthma, there is nothing better. Pinex is a most valuable concentrated compound of genuine Norway pine extract, and has been used for generations to break up severe coughs. To avoid disappointment, be sure to ask your druggist for "2½ ounces of Pinex" with full directions, and don't accept anything else. A guarantee of absolute satisfaction or money promptly refunded, goes with this preparation. The Pinex Co., Ft. Wayne, Ind.

War Cross Conferred on Fifteen Officers and Men

French General Compliments the First Detachment on Its Brave Resistance.

WHEN UNDER ATTACK ON FIRST NIGHT IN TRENCH

With the American Army in France, Nov. 26.—The French war cross has been conferred on the 15 American officers and men who were cited with their company by the French general commanding the sector in which the Americans were stationed at the time of the first German raid on the night of Nov. 23. The men were decorated today and were informed that they must keep the medals in their possession, but must not wear them until congress gives its authorization. The ceremony was an impressive one. An American major general presented the decoration and citation giving

the regimental colonel those for the men who were killed. They will be sent to their next of kin.

The French general, in referring to the action of this American company, said:

"On the night of Nov. 23 this company, which was in the line for the first time, met an extremely violent bombardment, despite which it held its position and offered such stubborn resistance that the enemy, though numerically superior, was obliged to retire."

HONORS INHIBITED. Washington, Nov. 26.—No member of the military or naval forces of the United States is permitted to accept a foreign decoration and there has been no indication that the administration will ask congress for a change in the law forbidding it.

BURLEIGH BARRISTERS TO PLAN AID TO U.S.

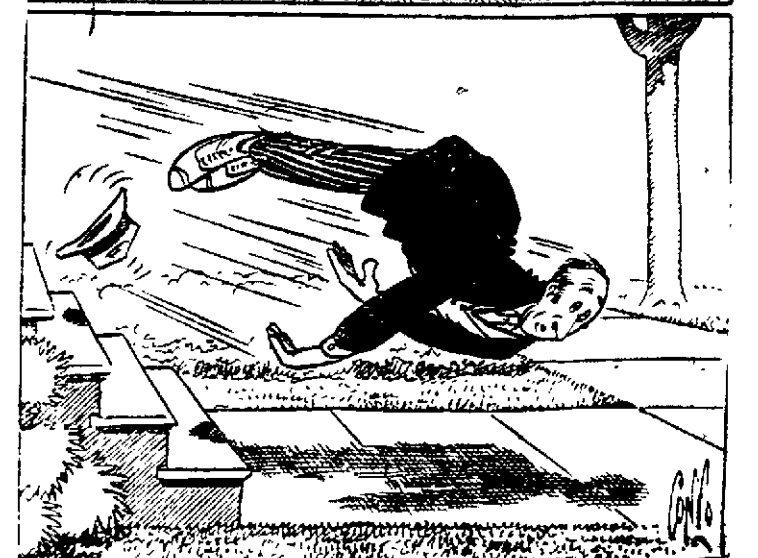

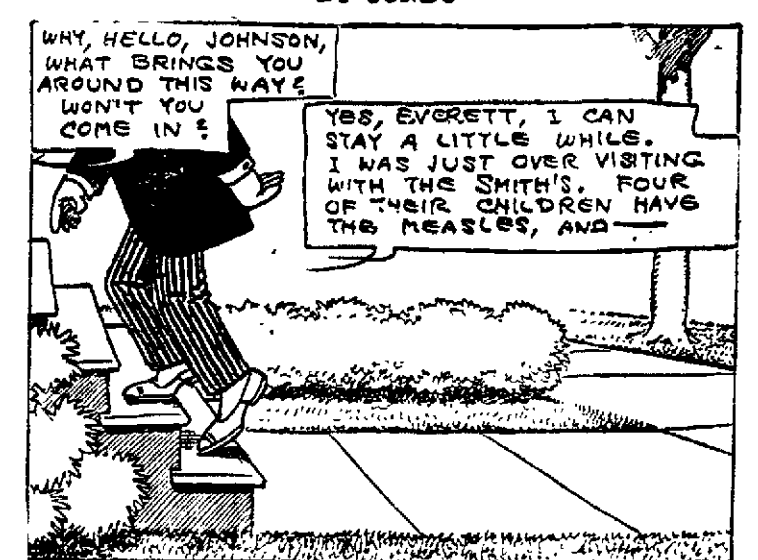

The Burleigh County Bar association met at noon yesterday for lunch at the McKenzie hotel and volunteered its services as an organization and the services of its individual members to Uncle Sam in connection with the second draft. A full attendance of barristers was out at the request of President C. L. Young, and every member of the association agreed to give free legal advice to any registrant who may desire counsel with regard to the draft.
